## Oregon State University Extension Service Master Gardener 2019 Community Education Classes

---

Thursday, April 25 5:30 – 7:30 pm	<b>Soil Testing for Gardens and Home Landscapes</b> Get the ins and outs of how to take a soil sample and interpret results to improve your garden or home landscape. This will be an interactive session; bring soil test results from your property to evaluate in class. We will provide instructions on how to collect and analyze your soil prior to class.	<i>Dr. Gordon Jones &amp; Erika Szonntag OSU Extension</i>
Friday, May 3 5:30 – 7:00 pm	<b>Landscaping with Cold Hardy Succulents</b> This class will cover the unique adaptations of succulent plants, the basics of succulent care, and strategies to use them in low-maintenance, drought-tolerant landscapes.	<i>Annie Schreck Mountain Crest Gardens</i>
Tuesday, May 28 5:30 – 7:30 pm	<b>*Grapevine Canopy Management</b> Improve fruitzone cluster microclimate and canopy management with proper summer pruning techniques.	<i>Dr. Alexander Levin Oregon Wine Research Institute</i>
Saturday, June 8 9:00 - 11:30 am	<b>You've Planted Your Veggies, What's Next?</b> Keeping them growing, healthy, and productive are the next steps. This class will cover knowing when to harvest and how to set the stage for your next vegetable garden.	<i>Marjorie Neal Master Gardener</i>
Tuesday, July 9 5:30 – 7:30 pm	<b>*Grapevine Nutrition &amp; Irrigation Management</b> Learn how to properly feed and water your grapevines to optimize yield and fruit quality.	<i>Dr. Alexander Levin Oregon Wine Research Institute</i>
Tuesday, July 16 6:00 – 8:00 pm	<b>Rose Care &amp; Pruning to Maximize Bloom</b> Learn how to prune, train, and fertilize roses to enhance their flowering performance. This is a hands-on class, so bring pruning shears and gloves.	<i>Eileen Beal Master Gardener</i>
Thursday, Sept 19 6:00 – 8:00 pm	<b>Deer Resistant Plants</b> See how to incorporate attractive deer resistant plants into your home landscape, plus additional techniques to keep deer from feeding in the gardens.	<i>Christie Mackison Shooting Star Nursery</i>
Tuesday, December 10 5:30 – 7:30 pm	<b>Planting in a Post-Wild World</b> This class focus on recreating natural plant communities, supporting native flora and fauna, enriching the microbial life in the soil, all with an eye to basic design practices.	<i>Sherri Morgan Master Gardener &amp; Landscape Designer</i>
