Tuesday, February 18
5:30 – 7:30 pm

***Capturing Carbon for the Climate: Part 1**

Improve climate conditions right in your own backyard! Learn carbon cycling in the environment and theories behind carbon sequestration, which can be applied at home as a practical and empowering way to mitigate climate change.

Scott Goode
Master Gardener

Tuesday, March 3
5:30 – 7:00 pm

Landscaping with Cold Hardy Succulents

This class will cover the unique adaptations of succulent plants, the basics of succulent care, and strategies to use them in low-maintenance, drought-tolerant landscapes.

Annie Schreck
Mountain Crest Gardens

Tuesday, March 17
5:30 – 7:30 pm

***Grapevine Pruning**

Learn the basics of grapevine pruning for home hobby or small-scale grape production in the Rogue Valley.

Dr. Alexander Levin
Oregon Wine Research Institute

Tuesday, April 14
5:30 – 7:30 pm

***Grapevine Pest and Disease Management**

Identify common grape pests and diseases in the Rogue Valley, plus innovative techniques to both treat and prevent them in your home vineyard.

Dr. Alexander Levin
Oregon Wine Research Institute

Tuesday, April 21
5:30 – 7:30 pm

Innovative Weed Management

A weed is just a plant in the wrong place. Learn how to identify weeds, then apply creative management plans to make “weeds” work for you!

Scott Goode
Master Gardener

Oregon State University Extension Service Master Gardener 2020 Community Education Classes

Tuesday, May 12 5:30 – 7:30 pm	*Grapevine Canopy Management Improve fruitzone cluster microclimate and canopy management with proper summer pruning techniques for your home or small-scale vineyard.	<i>Dr. Alexander Levin Oregon Wine Research Institute</i>
Tuesday, May 26 5:30 – 7:30 pm	Month-by-Month Insect Pests in the Garden This class will provide a calendar type look at what insect pests to look for in your garden month to month, plus appropriate management strategies.	<i>Marsha Waite Master Gardener</i>
Wednesday, June 24 5:30 – 7:30 pm	*Grapevine Nutrition & Irrigation Management Learn how to properly feed and water your grapevines to optimize yield and fruit quality in your home or small-scale vineyard.	<i>Dr. Alexander Levin Oregon Wine Research Institute</i>
Tuesday, July 14 5:30 – 7:30 pm	Inviting Nature into our Yards and Gardens Growing native plants in our yards, cities, and common areas provides the best hope for saving our pollinators. Based on the work of Dr. Doug Tallamy, this presentation will teach you why and how to add native plants to every yard.	<i>Lynn Kunstman Master Gardener</i>
Tuesday, August 11 5:30 – 7:30 pm	*Capturing Carbon for the Climate: Part 2 Build upon what was taught in the first class by looking at outcomes from various carbon sequestration techniques. Scott will discuss results of research performed with the Desert Research Institute and Tikkun Olam Research and Teaching Farm. You will also have the chance to see carbon sequestration in action at the Master Gardener Carbon Sequestration Victory Garden at SOREC.	<i>Scott Goode Master Gardener</i>
Wednesday, September 9 5:30 – 7:30 pm	Dive into Composting Learn how to create multiple styles of compost systems and find which style works best in your home. You will have the chance to see some of these compost systems in action at the Master Gardener Compost Demonstration Area at SOREC.	<i>Matthew Allen Master Gardener</i>
